WHO WE ARE

İlk-On Tekstil, Türkiye's leading home textile manufacturer, entered the sector by buying and selling in the home textile sector in early 80's and she has been leading home textile manufacturer of Türkiye today.

For many years, İlk-On Tekstil has been among the main suppliers of several brands known both in Türkiye and abroad as a strong business partner with the factories we have established in Çatalca Serbet Region and in Europe for the production of duvet covers, bedspreads, pillows, duvets for Russia and Turkic Republics and retail with the Le Vele brand.

In her journey, İlk-On Tekstil developed the Wake Up brand to meet the product demands by directing the brand and home textiles and started exporting branded products with quality sleep products in the middle - upper segment.

ANNUAL PRODUCTION CAPACITY

2,000,000 pillows, 1,800,000 duvets and an average of 1,500,000 bedspreads with the same amount of sleeping pads and mattress protectors

PRODUCTION FACILITIES

THE LARGEST STITCHING AND FILLING PLANT IN EUROPE

Located in 3 different facilities, our production facilities are equipped with machinery for different capacities, each of which is the most advanced technology in their field. We provide prompt services for our clients with a production staff of 130 people in a closed area of 17,000 m2 and a logistics center of 3000 m2 both located in Catalca.

SALES CHANNELS

CONTRACT MANUFACTURING

İlk-On Tekstil offers premium, mid-segment, private label and suitable manufacturing alternatives to exclusive brands and store chains in 4 continents with its corporate sales service.

All the details in contract manufacturing processes such as packaging, care labels, woven brand logos are prepared by İlk-On Tekstil to avoid the need for reworking of the products.

Our clients prefer us with pleasure for the past 23 years, knowing that the brand quality and the standard in product continuity will be maintained in every process in the recipes they require.

HOTEL TEXTILES

There are fundamental principles that do not change between production and sales. The value you attach to your hotel is the value you attach to your customers. Creating an environment where your customers will be comfortable and satisfied is the aim of enterprises that provide boarding accommodation services that want to ensure customer satisfaction.

Our technology and the care we show in our production meets the expectations of local and foreign hotels in sleep products with 100% quality products and finds solutions to various demands and needs.

EXPORTS AND DOMESTIC MARKET

İlk-On Tekstil serves more than 65 cities in 4 continents and the whole Türkiye with our specialized sleep products for different regions' sleep habits, climate characteristics, product expectations and current needs.

We skillfully manage all export and logistics processes with our team that has a quarter-century of experience. Your product is under the assurance of İlk-On Tekstil from the first order to the moment of delivery.
